

# Young and Old Celebrate with Shell

As a leader in Corporate Social Responsibility, Shell has reached out to different pockets of the community. Find out how they have spread cheer to children, seniors and families in need over the festive season.

## Natural Learners

How much do we know about local plants? At Botanic Gardens, 25 underprivileged Lakeside Student Care (LSC) children got to see, touch and smell them, while hearing from an expert and acing his quizzes. The guided tour was sponsored by **Shell Lube Supply Chain**, whose 13 volunteers accompanied the children. Appreciating their natural curiosity, LSC teacher Ms Phoebe Leong said, "All kids deserve the same learning opportunities."

## Families Prosper with Shell

No Lunar New Year is complete without festive décor. With a lantern-making competition, 11 volunteers from **Shell Jurong Island** celebrated the New Year with 10 families from Lakeside's Families-in-Transition Shelter. Shell also sponsored breakfast, goodie bags filled with daily necessities, and a \$100 angpao (red packet) for each family. Thank you Shell for bringing good fortune and joy to our families!

## Lights, Camera, Active Seniors!

Some of Lakeside's seniors have not been to Orchard in a decade. 18 **Shell Jurong Island** volunteers brought 15 seniors\* to enjoy the Christmas lights at Orchard Road and Gardens by the Bay. The elderly revellers spent the evening posing for the camera, while the friendly volunteers snapped away. Reflecting on their companionship, 82-year-old Mr Tiu Eng Tai enthused, "I feel 20 years younger!"
